

TECHNICAL DATA SHEET

Product :

MACHINE GRADE STRETCH FILM
HAND GRADE STRETCH FILM

- **Thickness available in 17 / 23 μm**
- Standard roll configuration:
 - **Film width:** 500 mm
 - **Roll weight:** 16 kg,
 - Clear
- Other specifications available on request

TECHNICAL DATA SHEET

Film Properties	Unit	M.D.	C.D.	Standard Applied
Yield tensile strength	N/mm ²	9	8	ASTM D882-97
Tensile strength at break	N/mm ²	22	15	
Elongation at break	%	323	430	
Tear strength	mN	2046	2924	ASTM D1922-94
Impact strength	g	138		ASTM D1709-98
Elongation	%	150		SPPS Method

Above mechanical and physical properties based on following parameters: film thickness 23 μm ; ambient temperature 23° C \pm 2° C; relative humidity 50% \pm 5%.
The roll gross weight has a tolerance of \pm 5%.

Above data does not imply any guarantee or obligation on behalf of SPPS

SPPS films are from LLDPE, non toxic and fully recyclable.
